The After School Program is available from the end of school ~ 3:30pm until 5:30pm. Children in the program are given a work area and can focus on homework and monitored computer usage. Students will also have supervised access to the Library. Students may enhance their experience by adding a language program to their activities. See below for more details.

Tutoring Program & Language Training

Math ● English ● Science ● Word Building

Diagnostic fees: \$25/subject or \$75 for all subjects.

Hourly Fee is \$10/hr.

A minimum of 2-3 sessions per week is recommended.

The LCA Tutoring program is very similar to the Kumon system. Each student progresses at their own pace through an individualized program designed around their ability level, rather than chronological grade level. Our tutoring program is used to correct academic gaps as well as students looking to accelerate their learning.

Please see our website for more details or make an appointment with the program director. Workbook sessions are complemented (when necessary) with an interactive computer management system to address specific learning needs. Parents will receive a printout of the student’s diagnostic test and will clearly be shown where the learning gaps are for every subject tested.

Rosetta Stone Supervised Language Program

Same fees as the After School Program with a daily surcharge of \$5/child or \$8/family

Monthly Fee: Add \$100/child or \$160/per family to After School Program Fees
